

# A Year and a Day

## Within the Spiraling Dance of Dark and Light Discover the Mystery and Your Life

The wheel of life turns in its never-ending spiral, drawing us through seasons of dark and light, whispering to us of the doorways of the Great Mystery.

Come explore the Celtic Wheel of Life in its living reality. For a year and a day, in true Celtic style, we will gather monthly to work with the mysteries, teachings and realities of the Celtic Wheel of Life. Nestled in the lunations and the deeper rhythms of the earth, we will explore the seasons, our selves and our environment, and the borders that blur between them.

Teachings will flow with the seasons, each month focusing on a particular attribute of the current quadrant of the Great Wheel, beginning and ending in Samhain. The year will include group and individual journeys as well as topics for personal study.

**A Year and a Day** is intended for those already trained in basic shamanic journey technique. Attendance each month is required.

**The Second Wednesday of Each Month  
November 2013-November 2014**
